## Parties at the South.

A controversy relating to the Democratic party engages the attention of many Southern Journals. The key-note was struck by the Savannah Republican, which rebuked the folly of Northern Democratic nominations, and counselled Southern Democrats to keep clear of Democratic entanglements. The facts assigned by the Savannah Journalist were undoubted; the prudence of his advice was as apparent as the utility of those more which it cited. But the old believers in the Virginia and Kentucky resolutions protested against interference with their idolatry. They worshiped at the shrine of Jefferson, and they would not be told that the Democratic party is to them as the ark of the covenant; its depository of the principles and promises on which they rely for resurrection. The Democratic party is to them as the ark of the covenant; its depository of the principles and promises on which they rely for resurrection. The Democratic party is to them as the ark of the covenant; its depository of the principles and promises on which they rely for resurrection.

But this class, judging of them by the notions of the "old school," are, numerically, an almost insignificant minority. More practical ideas animate the majority. They adopt the saying of a Portuguese Minister: "The world is a stage, and we are all players in it." Depreciating appeals to party
